

**45. Nadav S., dob 1984,** was injured in Shchem in 2003 during the military operation "Defensive shield". He lost his right leg above the knee and walks with a prosthesis.

His parents divorced and rejected their responsibility for their mutual children. Nadav, the oldest, took care of his younger siblings. Right now, he takes care of two younger sisters, high school students, but their only source of income is his disability pension. Nadav is studying construction engineering at the Ariel University.

The family is struggling and needs help.
